

Privacy Policy

Effective Date: May 22, 2025

CvC Raid Prep Master is a GPT-powered assistant integrated into Discord that helps users optimize their Raid Shadow Legends Clan vs Clan strategy. This privacy policy outlines what data we collect, how we use it, and your rights regarding that information.

1. Information We Collect

We do not collect or store personal data. The bot operates through Discord and OpenAI, which may process user input as follows:

- User Messages: Processed by OpenAI's API to generate strategic responses.
- Discord Metadata: Discord may log standard usage data (e.g. user ID, server ID, timestamps) as part of its platform functionality.

2. How Your Data Is Used

User inputs are:

- Temporarily processed to generate real-time Raid strategy responses
- Not stored by this bot, its creators, or any external database we control

Data may be stored temporarily by:

- Discord (as part of normal message history)
- OpenAI (per their terms, to improve model performance or maintain service integrity)

3. No Account Integration

This bot:

- Does not access or link to your Raid Shadow Legends game account
- Does not collect passwords, game IDs, or personal identifiers

4. Data Sharing

We do not sell, share, or disclose your data to third parties. Any limited data handling is governed by:

- Discord's Privacy Policy (<https://discord.com/privacy>)
- OpenAI's Privacy Policy (<https://openai.com/privacy>)

5. Your Rights

As a user, you may:

- Delete your messages on Discord at any time
- Stop using the bot to opt out of processing
- Contact Discord or OpenAI directly for platform-level data requests

6. Changes to This Policy

We may update this privacy policy periodically. Continued use of the bot after updates indicates your acceptance of the revised terms.
